

# OEM-5000D series

## CD Autoload on-Hold Audio System

*Records audio from any single-track CD to digital flash memory.*

Just drop in a single-track CD, close the lid -- the OEM-5000D series player spins up the disc and records it into digital flash memory. Playback begins immediately.

OEM-5000D series players come with 8-minute recording capacity. Want more time? Simply open a door to add memory modules and upgrade to 16, 24 or 32 minutes.

## Features

- **Only Sold to Authorized IntelliTouch MOH Dealers as an OEM Product**
- **Digital Flash Memory** - design retains music/message content even during power loss...unit ships with preloaded audio.
- **Integrated CD Mechanism** - quickly and easily record high quality audio. CD media is easy and inexpensive to duplicate and distribute.
- **CD Autoload** - drop in a CD with a single track, close the lid, and the unit automatically records the content.
- **Built-In Analog Phone Adapter Module (OEM-5500D Only)** - Add music-on-hold to conventional analog and KSU-less telephones with up to 4 lines and 50 station sets. Works with all types of phones...even cordless.
- **Auto start after power loss** - If power to the unit is lost, unit immediately returns to continuous playback with all settings without human intervention.
- **Built-In Monitor Speaker** - allows user to monitor sound with the flip of a switch.
- **Wall Mountable** - unit can be mounted, played and recorded in a vertical position.

# OEM-5000D series

## CD Autoload on-Hold Audio System

### Specifications

#### ■ Sound Quality

The OEM-5000D utilizes ISD Chipcorder™ technology, chosen for its superior sound quality over typical flash memory-based systems. 8KHz bandwidth provides sound quality comparable to systems with 128Kbps or better sampling rates.

#### ■ Input

Built-in audio CD player

#### ■ Output

8Ω - 4 volts peak to peak  
600Ω - 8 volts peak to peak

#### ■ Memory

Built in: 8 minutes non-volatile flash  
Expansion: 16, 24 or 32 minutes

#### ■ Messaging

Maximum number of messages: 1, auto-downloaded from audio CD

#### ■ Connectors

Audio out: RCA jack (one 8Ω & one 600Ω)  
Power: 2.5mm power jack

#### ■ Switches/Controls

Power on/off  
Monitor speaker on/off  
Volume  
Impedance 8/600Ω

#### ■ Power

12VDC @1000mA  
Source 110VAC, 60Hz UL/CSA power pack

#### ■ Physical

Size: 11" x 9" x 4.5" (LWD)  
Weight: 4.5 lbs.

#### ■ OEM-5000D Includes

Digital Player/Recorder  
Audio Connector Cable  
AC Power Adapter

#### ■ OEM-5500D Includes

Digital Player/Recorder  
Audio Connector Cable  
AC Power Adapter  
2 Cordless Phone Adapters (male)  
2 Cordless Phone Adapters (female)  
2 TEHMAs  
2 Handset cords  
2 Phone Line Cords  
2 "T" Adapters

**Integrated Analog Phone Adapter Module -**  
(OEM-5500D only) Built-in module allows the unit to provide on-hold audio capability to standard analog and KSU-less phone systems with up to four lines.

#### Digital Flash Memory

Stores audio in digital memory and retains it even after a power outage. Built-in 8-minute capacity can be upgraded to 16, 24 or 32 minutes by plugging in additional memory modules. 8kHz bandwidth produces incredible sound quality.

#### CD Autoload System

Insert a CD with a single track and the integrated CD drive automatically loads the audio into flash memory.
